

SAVE 3 LIVES!!!! Blood Drive

First Colony Community Association (FCCA) will be hosting a blood drive on Friday, August 20th from 10 am to 2 pm. The Gulf Coast Regional Blood Center's portable unit will be in the FCCA parking lot at 4350 Austin Parkway on Friday, August 20th from 10 am to 2 pm. We encourage all of you to make a difference and provide the "gift of life" for our community and in the Gulf Coast areas. Your participation is significantly important since donations are down during the summer months and each day a 1,000 units are needed for patients in the 170+ hospitals in our community. Your single donation can save up to 3 lives!

Donor Registration: It will be very helpful to sign up prior to the drive as hospitals use the drive projections to plan patient procedures the following week. You may go on-line to www.giveblood.org, click on "log in to digital donor"; follow instructions on page and use sponsor code "S051" to select a convenient time. Or call the FCCA office at 281-634-9500 and give us your name to reserve a time. But if you decide to donate spur of the moment that is fine also.

Trivia: Even if you have high blood pressure, high cholesterol or diabetes you can donate if your results are normal on the drive date.. You may go to www.giveblood.org for more donor eligibility information or contact the Blood Center's medical services office (1-888-482-5663).

Donor Incentives

All donors who donate or attempt to donate will receive a coupon for a free Pint of Blue Bell ice cream. A pint for a pint!

A BIG thank you for participating in this important life saving partnership
